Need to Know

Dear Parents and Carers

Welcome back to the Summer term! It was fantastic to see so many of you around the school yesterday for Parent Consultations and on a personal note, to have so many asking how I am. It really meant a lot. Thank you also for the positive comments about your children's progress and teachers. We are pleased that after so many years of online meetings, you can celebrate with us on the school site this year.

Now that I am officially back in the Headteacher role, I would like to extend my sincere thanks to Mrs Ballantyne for stepping up during my absence and recovery period. She did a fantastic job. Also, a huge thanks to Mrs Knight who took on many extra responsibilities, and to the rest of the school leadership team. We are lucky to have such a dedicated staff team.

Best wishes for the summer term!
Mr Henry

Pick Up & Drop Off

Pick up and drop off times are very busy outside school.

Parking inconsiderately can put children and adults in danger. Please make sure you park properly and do not allow your child to exit cars from the middle of the road. If you can, walk to school - the weather is getting better!

Parent Forum

Thank you those who attended our two parent forum meetings last week. The meetings were arranged in response to our parent

survey to gather some more information and ideas relating to parental engagement and communication from the school. Although we were somewhat disappointed with a very low turnout, we are grateful to those who contributed and we will endeavour to address the issues based on the survey feedback itself. Meeting minutes can be found [here](#) in the coming days.

Bailey The Beagle

On Wednesday Bailey the beagle joined a key stage 2 library session. He seemed to enjoy being with the children and they certainly enjoyed having him there to share their books with him. Bailey will be a regular visitor to school.

Basketball Competition

Some of our year 3 and 4 children went to a basketball competition last week. The day was very exciting at Chadwell Heath Academy, the sports leaders did an amazing job.

Taranraj, Owais, Malika, Elsa, Lia, Naveedah, Francis, Gurtljot, Jayadev, Aasiyah, Mishelle and Laith performed to their best ability and made Barley Lane proud. Elsa from year 3 won a prize for outstanding effort throughout the day. Well done to all the children that went and played with great enthusiasm. Thank you to Mrs Landa for organising.

Zoopa Doopa Road Safety Show

This week Year 1 and 2 enjoyed an informative road safety workshop which taught them how to cross roads safely at designated crossing points such as at zebra crossings and pelican crossings. When walking

to school or in the local area, encourage your child to hold hands, stop, look, listen and think before crossing roads.

Eco News

On Monday it was Earth Day, an annual event to focus on the environmental issues we have across our planet and to highlight the efforts being made to protect it. This year the theme was 'Planet versus plastics' with a call to try and achieve a 60% reduction in the use of plastics by 2040.

In Barley Lane we are working hard to become a more sustainable school. Most of our children now bring to school a re-usable water bottle rather than a single use plastic one. We have some re-usable water bottles that can be bought from our school office if you still have to make the change.

Now that spring is here we can think about helping the bees that visit our gardens and outdoor spaces.

Thanks to the rich diversity of plants and flowers, gardens are some of the best habitats for pollinators. There is always space though for more pollinators in our gardens.

The best ways to encourage bees and other pollinators into your garden is by providing nectar- and pollen-rich flowers throughout the year. Creating suitable nest sites in your garden is another excellent way to provide for them.

Here's how you can do more to support pollinators in your garden, outside space or community:

Fill gardens with [RHS Plants for Pollinators](#) plants

1. Allow lawn 'weeds' to flower by cutting less often
2. Provide water for pollinators
3. Avoid using pesticides wherever possible and never spray open flowers
4. Provide nest sites for wild bees
