

Key stage 1 tests – year 2 pupils

Your child's teacher is responsible for judging the standards your child is working at in English, maths and science, by the end of key stage 1. To help inform those judgements, pupils sit national curriculum tests in English and maths, commonly called SATs. They may also sit an optional test in English grammar, punctuation and spelling.

The tests are a tool for teachers to help them measure your child's performance and identify their needs as they move into key stage 2. They also allow teachers to see how your child is performing against national expected standards.

The tests can be taken any time during May and they are not strictly timed. Pupils may not even know they are taking them as many teachers will incorporate them into everyday classroom activities.

Subject	Test paper
English reading	Short text and questions Long text with separate questions
Mathematics	Arithmetic Mathematical reasoning
English grammar, punctuation and spelling (optional test)	Spelling Punctuation and grammar (including vocabulary)

Teachers will use the results from these tests, along with the work your child has done throughout the year, to help them reach their own judgements about how your child is progressing at the end of key stage 1.

These teacher assessment judgements will be reported to you by the end of the summer term.
